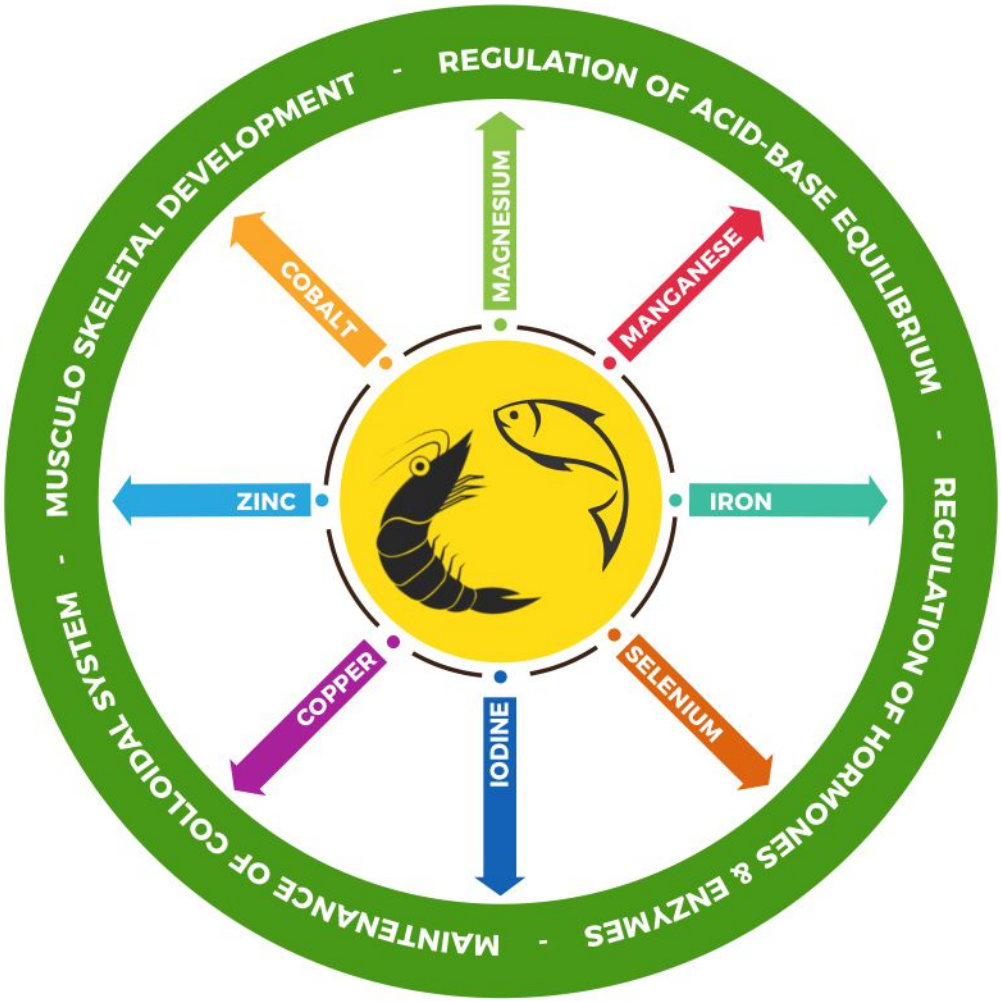
QUALIMIN™-Aqua

"Enrich your aquatic environment with complete mineral mixture"

Mineral Requirement in Aquatic Organisms:

- Mineral deficiencies in aquatic organisms can cause serious biochemical, structural and functional pathologies depending on duration and degree of mineral deprivation.
- It is very well established that during molting, aquatic organisms loses most of their mineral deposits destined to be expended in body metabolism.
- Additional supplementation of mineral mixture is therefore important in order to compensate for the heavy loss of minerals during molting and in order to maintain physiological homeostasis.



Composition : Each 1 kg contains

Calcium	:	24%
Phosphorous	:	12%
Ferrous Sulphate	:	17.4 g
Potassium iodide	:	131 mg
Copper sulphate	:	2.5 g
Cobalt sulphate	:	442 mg
Manganese sulphate	:	2.75 g
Zinc sulphate	:	5.31 g
L-Lysine	:	4.4 g
DL-Methionine	:	1092 g
Sodium selenite	:	13 mg
Magnesium sulphate	:	13 gm
Excipients	:	q.s

QUALIMIN-Aqua a Complete Mineral Mixture for Aquaculture :

- QUALIMIN-Aqua is the most scientifically balanced mineral mixture for achieving enhanced growth, weight gain, survival rate and better FCR.
- QUALIMIN-Aqua helps to achieve optimum mineral environment in the pond and facilitates mineral absorption by aquatic organisms.
- QUALIMIN-Aqua improves plankton growth.
- QUALIMIN-Aqua improves disease resistance, stimulates moulting, helps in formation of collagen, strengthens the endo and exoskeleton system.
- QUALIMIN-Aqua helps achieving optimum production of fish, prawn and shrimps and maintains the stocks in healthy condition.
- QUALIMIN-Aqua protects against body cramps and soft shells.
- QUALIMIN-Aqua helps in regulating the osmotic balance and acid base equilibrium in aquatic animals.
- QUALIMIN-Aqua provides essential micro elements needed for formation of blood and co-factors needed for activating enzyme reactions in biological processes.

Directions For Use:

10 Kg per Acre, Once in every 15-20 Days

(Or)

As Suggested by the Aquaculture consultant.

Presentation:

10 kg BOPP bags

Manufactured & Marketed by :

RR VETERINARY HEALTH CARE PVT. LTD.

4-122/1/1, Plot No. 115 & 123, Kuntloor Village, Abdullapurmet Mandal,
R R Dist - 501 505, Telangana, INDIA.
